A day club for older people

Aspects of Care are based at the masonic hall in Pemberton a day club for older people open Tuesdays, Wednesdays and Thursdays 9:30-3:30 with a homely, friendly atmosphere offering a day care setting for older people who want to socialise and be able to maintain health and wellbeing, independence and mental stimulation with the help and support of carers at the club; also providing family carers with much needed respite.

Our service has been designed to provide activities for everyone and we will continually enhance the quality of service delivered to our members through consultation and assessment of their individual needs. We have a wide range of services on offer, hot meals at lunchtime and refreshments available throughout the day.

Aspects of Care offer free taster sessions for those who are interested in our service, for more information please contact Shirley by phone or email.
